The Sky Cellar

Led by certified Champagne & Wine expertise, we select bottles whose acidity, phenolic ripeness, and mousse dynamics perform flawlessly under low cabin pressure.

"At 45,000 feet, standard luxury is not enough. We engineer cellars calibrated specifically for the physics of flight."

The Purest Expression of Culinary Gold

Certified Caviar Sommelier Curation

Sourcing strictly low-salt (<3%) Malossol-grade sturgeon roe to preserve rich butteriness and optimum in-flight "pop."

Selection

ROYAL OSETRA, KALUGA HYBRID, & BELUGA

Handling

DIRECT-TO-TARMAC COLD-CHAIN DELIVERY

Service

MOTHER-OF-PEARL SPOONS & CREW KITS

Physics Meets Hospitality

Low atmospheric pressure and extreme dry cabin air reduce taste bud sensitivity to salt and sugar by up to 30%, while flattening delicate floral aromas in wine.

Dominic & Atlas bridges aviation physics with culinary curation — selecting high-performing vintage Champagnes and Malossol caviar that pop at altitude.
